

**GOVT. THAKUR RANMAT SINGH (AUTONOMOUS) COLLEGE, REWA (M.P.)**

**Seminar Topic**

**Session 2019-2020**

**Class:-B.Sc.(Hons.) Maths ,Semester:-IV th**

**Subject:-Maths(H-7)**

**Paper Title :- Partial Differential Equation**

| <b>S. N</b> | <b>Roll No.</b> | <b>Name</b>               | <b>Seminar Topic</b>   |
|-------------|-----------------|---------------------------|--|
| 1           | 18133001        | Abhilash Srivastava       | A Study of Charpit's general methods of solution   |
| 2           | 18133002        | Abhinav Shukla            | A Study of partial differential of second and higher order                               |
| 3           | 18133003        | Abhinay Patel             | A Study of partial differential equation reducible to equation with constant coefficient |
| 4           | 18133004        | Abhishek Agnihotri        | A Study of homogeneous equation with constant coefficient                                |
| 5           | 18133005        | Abhishek Dubey            | A Study of partial differential equation of first order                                  |
| 6           | 18133006        | Abhishek Dwivedi          | A Study of Extremals with examples   |
| 7           | 18133007        | Abhishek Gautam           | A Study of Functional dependent on higher order derivatives.                             |
| 8           | 18133008        | Abhishek Kumar Chaturvedi | A Study of Functional dependent on more than one independent variable.                   |
| 9           | 18133009        | Abhishek Kumar Shukla     | A Study of Variational problems in parametric form                                       |
| 10          | 18133010        | Abhishek Kumar Tripathi   | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 11          | 18133011        | Abhishek Kushwaha         | A Study of homogeneous and non homogeneous equation with constant coefficient            |
| 12          | 18133012        | Abhishek Kushwaha         | A Study of Lagrange's Solution   |
| 13          | 18133013        | Abhishek Sagar Dwivedi    | A Study of Charpit's general methods of solution   |

|    |          |                        |  |
|----|----------|------------------------|--|
| 14 | 18133014 | Abhishek Sharma        | A Study of partial differential of second and higher order                               |
| 15 | 18133015 | Abhishek Singh         | A Study of partial differential equation reducible to equation with constant coefficient |
| 16 | 18133016 | Abhishek Singh Parihar | A Study of of homogeneous equation with constant coefficient                             |
| 17 | 18133017 | Abhishekh Kumar Shukla | A Study of partial differential equation of first order                                  |
| 18 | 18133018 | Achchhe Lal Prajapati  | A Study of Extremals with examples   |
| 19 | 18133019 | Adarsh Kumar Tiwari    | A Study of Functional dependent on higher order derivatives.                             |
| 20 | 18133020 | Adarsh Pandey          | A Study of Functional dependent on more than one independent variable.                   |
| 21 | 18133021 | Adarsh Singh Parihar   | A Study of Variational problems in parametric form                                       |
| 22 | 18133022 | Adarsh Tiwari          | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 23 | 18133023 | Aditya Dwivedi         | A Study of homogeneous and non homogeneous equation with constant coefficient            |
| 24 | 18133024 | Aditya Kumar Patel     | A Study of Lagrange's Solution   |
| 25 | 18133025 | Aditya Raj Singh       | A Study of Charpit's general methods of solution   |
| 26 | 18133026 | Ajay Bunkar            | A Study of partial differential of second and higher order                               |
| 27 | 18133027 | Ajay Kumar Gupta       | A Study of partial differential equation reducible to equation with constant coefficient |
| 28 | 18133028 | Ajay Kumar Kushwaha    | A Study of of homogeneous equation with constant coefficient                             |
| 29 | 18133029 | Ajay Kumar Tiwari      | A Study of partial differential equation of first order                                  |
| 30 | 18133030 | Ajay Pal               | A Study of Extremals with examples   |
| 31 | 18133031 | Ajay Singh             | A Study of Functional dependent on higher order derivatives.                             |
| 32 | 18133032 | Ajeet Kumar Saket      | A Study of Functional dependent on more than one independent variable.                   |
| 33 | 18133033 | Ajeet Sharma           | A Study of Variational problems in parametric form                                       |
| 34 | 18133034 | Ajeet Verma            | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 35 | 18133035 | Akanksha Singh Baghel  | A Study of homogeneous and non homogeneous equation with constant coefficient            |
| 36 | 18133036 | Akanksha Singh Patel   | A Study of Lagrange's Solution   |

|    |          |                       |  |
|----|----------|-----------------------|--|
| 37 | 18133037 | Akash Patel           | A Study of Charpit's general methods of solution   |
| 38 | 18133038 | Akash Sharma          | A Study of partial differential of second and higher order                               |
| 39 | 18133039 | Akash Shukla          | A Study of partial differential equation reducible to equation with constant coefficient |
| 40 | 18133040 | Akhand Pratap Singh   | A Study of of homogeneous equation with constant coefficient                             |
| 41 | 18133041 | Akhilesh Mishra       | A Study of partial differential equation of first order                                  |
| 42 | 18133042 | Akhilesh Pratap Singh | A Study of Extremals with examples   |
| 43 | 18133043 | Akshat Mishra         | A Study of Functional dependent on higher order derivatives.                             |
| 44 | 18133044 | Aliya Nisha           | A Study of Functional dependent on more than one independent variable.                   |
| 45 | 18133045 | Alka Kushwaha         | A Study of Variational problems in parametric form                                       |
| 46 | 18133046 | Alok Dwivedi          | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 47 | 18133047 | Aman Dwivedi          | A Study of homogeneous and non homogeneous equation with constant coefficient            |
| 48 | 18133048 | Aman Patel            | A Study of Lagrange's Solution   |
| 49 | 18133049 | Aman Patel            | A Study of Charpit's general methods of solution   |
| 50 | 18133050 | Aman Shukla           | A Study of partial differential of second and higher order                               |
| 51 | 18133051 | Aman Upadhyay         | A Study of partial differential equation reducible to equation with constant coefficient |
| 52 | 18133052 | Aman Verma            | A Study of of homogeneous equation with constant coefficient                             |
| 53 | 18133053 | Amarnath Pandey       | A Study of partial differential equation of first order                                  |
| 54 | 18133054 | Amit Kumar Patel      | A Study of Extremals with examples   |
| 55 | 18133055 | Amit Kumar Tiwari     | A Study of Functional dependent on higher order derivatives.                             |
| 56 | 18133056 | Amit Kumar Tiwari     | A Study of Functional dependent on more than one independent variable.                   |
| 57 | 18133057 | Amit Tiwari           | A Study of Variational problems in parametric form                                       |
| 58 | 18133058 | Amitesh Payasi        | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 59 | 18133059 | Amrit Lal Saket       | A Study of homogeneous and non homogeneous equation with constant coefficient            |
| 60 | 18133060 | Anamika Majhi         | A Study of Lagrange's Solution   |
| 61 | 18133061 | Anand Kumar           | A Study of Charpit's general methods of solution   |

|    |          |                      |  |
|----|----------|----------------------|--|
|    |          | Pandey               |  |
| 62 | 18133062 | Anchal Mishra        | A Study of partial differential of second and higher order                               |
| 63 | 18133063 | Aniket Mishra        | A Study of partial differential equation reducible to equation with constant coefficient |
| 64 | 18133064 | Anil Kumar Bais      | A Study of of homogeneous equation with constant coefficient                             |
| 65 | 18133065 | Anil Kumar Sen       | A Study of partial differential equation of first order                                  |
| 66 | 18133066 | Anjali Sahu          | A Study of Extremals with examples   |
| 67 | 18133067 | Anju Tiwari          | A Study of Functional dependent on higher order derivatives.                             |
| 68 | 18133068 | Ankit Gupta          | A Study of Functional dependent on more than one independent variable.                   |
| 69 | 18133069 | Ankit Kumar Pandey   | A Study of Variational problems in parametric form                                       |
| 70 | 18133070 | Ankit Kumar Patel    | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 71 | 18133071 | Ankit Sahu           | A Study of homogeneous and non homogeneous equation with constant coefficient            |
| 72 | 18133072 | Ankit Singh Patel    | A Study of Lagrange's Solution   |
| 73 | 18133073 | Ankita Singh Bais    | A Study of Charpit's general methods of solution   |
| 74 | 18133074 | Ankush Patel         | A Study of partial differential of second and higher order                               |
| 75 | 18133075 | Anoop Shukla         | A Study of partial differential equation reducible to equation with constant coefficient |
| 76 | 18133076 | Anshika Sharma       | A Study of of homogeneous equation with constant coefficient                             |
| 77 | 18133077 | Anshu Patel          | A Study of partial differential equation of first order                                  |
| 78 | 18133078 | Anshu Vishwakarma    | A Study of Extremals with examples   |
| 79 | 18133079 | Anupama Tripathi     | A Study of Functional dependent on higher order derivatives.                             |
| 80 | 18133080 | Anurag Mishra        | A Study of Functional dependent on more than one independent variable.                   |
| 81 | 18133081 | Anurag Mishra        | A Study of Variational problems in parametric form                                       |
| 82 | 18133082 | Anurag Singh         | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 83 | 18133083 | Anurag Singh Chandel | A Study of homogeneous and non homogeneous equation with constant coefficient            |
| 84 | 18133084 | Anurag Tiwari        | A Study of Lagrange's Solution   |
| 85 | 18133085 | Anusheelan           | A Study of Charpit's general methods of solution   |

|     |          |                        |  |
|-----|----------|------------------------|--|
|     |          | Mishra                 |  |
| 86  | 18133086 | Apoorwa Gupta          | A Study of partial differential of second and higher order                               |
| 87  | 18133087 | Arpit Mishra           | A Study of partial differential equation reducible to equation with constant coefficient |
| 88  | 18133088 | Arti Patel             | A Study of of homogeneous equation with constant coefficient                             |
| 89  | 18133089 | Aryan Singh Parihar    | A Study of partial differential equation of first order                                  |
| 90  | 18133090 | Asheesh Kumar Charmkar | A Study of Extremals with examples   |
| 91  | 18133091 | Ashish Kumar Agnihotri | A Study of Functional dependent on higher order derivatives.                             |
| 92  | 18133092 | Ashish Kumar Pathak    | A Study of Functional dependent on more than one independent variable.                   |
| 93  | 18133093 | Ashish Patel           | A Study of Variational problems in parametric form                                       |
| 94  | 18133094 | Ashutosh Singh         | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 95  | 18133095 | Ashwini Kumar Patel    | A Study of homogeneous and non homogeneous equation with constant coefficient            |
| 96  | 18133096 | Asutosh Singh Baghel   | A Study of Lagrange's Solution   |
| 97  | 18133097 | Atul Kumar Kushwaha    | A Study of Charpit's general methods of solution   |
| 98  | 18133098 | Atul Kumar Rajak       | A Study of partial differential of second and higher order                               |
| 99  | 18133099 | Atul Kumar Rawat       | A Study of partial differential equation reducible to equation with constant coefficient |
| 100 | 18133100 | Atul Tiwari            | A Study of of homogeneous equation with constant coefficient                             |
| 101 | 18133101 | Avnish Pandey          | A Study of partial differential equation of first order                                  |
| 102 | 18133102 | Ayushi Singh           | A Study of Extremals with examples   |
| 103 | 18133103 | Ayushman Tomar         | A Study of Functional dependent on higher order derivatives.                             |
| 104 | 18133104 | Bhaskar Dwivedi        | A Study of Functional dependent on more than one independent variable.                   |
| 105 | 18133105 | Brijesh Kumar Sahu     | A Study of Variational problems in parametric form                                       |
| 106 | 18133106 | Chandramani Panika     | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 107 | 18133107 | Chandrashekhar Saket   | A Study of homogeneous and non homogeneous equation with constant coefficient            |

|     |          |                           |  |
|-----|----------|---------------------------|--|
| 108 | 18133108 | Darshita Pandey           | A Study of Lagrange's Solution   |
| 109 | 18133109 | Deepak Saket              | A Study of Charpit's general methods of solution   |
| 110 | 18133110 | Deepak Sen                | A Study of partial differential of second and higher order                               |
| 111 | 18133111 | Deepak Tiwari             | A Study of partial differential equation reducible to equation with constant coefficient |
| 112 | 18133112 | Deepak Tiwari             | A Study of of homogeneous equation with constant coefficient                             |
| 113 | 18133113 | Deepak Tripathi           | A Study of partial differential equation of first order                                  |
| 114 | 18133114 | Deepanshu Gupta           | A Study of Extremals with examples   |
| 115 | 18133115 | Dharmesh Sharma           | A Study of Functional dependent on higher order derivatives.                             |
| 116 | 18133116 | Dheeraj Singh             | A Study of Functional dependent on more than one independent variable.                   |
| 117 | 18133117 | Dheeraj Verma             | A Study of Variational problems in parametric form                                       |
| 118 | 18133118 | Dileep Kumar Saket        | A Study of Invariance of Euler's equation under Co-ordinates transformation              |
| 119 | 18133119 | Dinkar Prasad Patel       | A Study of homogeneous and non homogeneous equation with constant coefficient            |
| 120 | 18133120 | Dipti Kushwaha            | A Study of Lagrange's Solution   |
| 121 | 18133121 | Divya Singh               | A Study of Charpit's general methods of solution   |
| 122 | 18133122 | Divyansh Mishra           | A Study of partial differential of second and higher order                               |
| 123 | 18133123 | Divyansh Mishra           | A Study of partial differential equation reducible to equation with constant coefficient |
| 124 | 18133124 | Diwakar Loniya            | A Study of of homogeneous equation with constant coefficient                             |
| 125 | 18133125 | Gangadhar Tiwari          | A Study of partial differential equation of first order                                  |
| 126 | 18133126 | Gaurav Mishra             | A Study of Extremals with examples   |
| 127 | 18133127 | Goverdhan Prasad Kushwaha | A Study of Functional dependent on higher order derivatives.                             |
| 128 | 18133128 | Gyanendra Dwivedi         | A Study of Functional dependent on more than one independent variable.                   |
| 129 | 18133129 | Gyanendra Gupta           | A Study of Variational problems in parametric form                                       |
